

U.S. Consumer Product Safety Commission – Recall

Release Date: October 7, 2020

Release Number: 21-002

Prestone Products Recalls Antifreeze Due to Failure to Meet Child Resistant Packaging Requirements; Risk of Poisoning

<https://cpsc.gov/Recalls/2021/Prestone-Products-Recalls-Antifreeze-Due-to-Failure-to-Meet-Child-Resistant-Packaging-Requirements-Risk-of-Poisoning>

Recall Summary

Name of Product: Antifreeze products

Hazard: The antifreeze products contain the substance ethylene glycol which must be in child resistant packaging as required by the Poison Prevention Packaging Act. The products' caps were not rotated enough during manufacturing to engage the child resistant mechanism, posing a risk of poisoning if the contents are swallowed by young children.

Remedy: Repair

Consumers should immediately inspect the product and twist the cap to ensure the child resistant mechanism is engaged.

Consumer Contact:

Prestone Products toll-free at 888-269-0750 from 8 a.m. to 6 p.m. CT Monday through Friday or online at www.prestone.com and click on Safety Notice at the top of the homepage for more information.

Recall Details

Units: About 687,000

Description:

This recall involves fourteen different models of pre-diluted or concentrated antifreeze sold under six different brand names: Prestone®, AutoZone®, Highline®/Prime Guard®, Supertech®, Prime® and Starfire®. The one-gallon antifreeze bottles are black, gray, orange, white or yellow. The brand is printed on the front of the antifreeze. The date code and model numbers can be found on the back informational panel of the product. Only antifreeze products with the following brand name, model number and date codes are included on this recall:

Product Name	Model Number	Date Codes	Image
PRESTONE 50/50 Antifreeze	AF2100/G2F	OF20118 OF20128 OF20129 OF20132 OF20133 OF20134 OF20135 OF20141

About the U.S. CPSC

The U.S. Consumer Product Safety Commission (CPSC) is charged with protecting the public from unreasonable risks of injury or death associated with the use of thousands of types of consumer products. Deaths, injuries, and property damage from consumer product incidents cost the nation more than \$1 trillion annually. CPSC's work to ensure the safety of consumer products has contributed to a decline in the rate of deaths and injuries associated with consumer products over the past 40 years.

Federal law bars any person from selling products subject to a publicly announced voluntary recall by a manufacturer or a mandatory recall ordered by the Commission.
